Secrets of Spotted Sandpipers — Nancy Stocker

Historic Colorado Railroads — Bob Dean

Announcements and Notes

What's happening in January of 2023:

We will have our regular meeting on January 9th at Park Hill United Methodist Church with a Zoom option. Speaker is TBD right now.

In addition:

We will be having a membership meeting (virtual) in January to discuss the future of the club. Details to follow and I'll answer questions at the December meeting. We picked January, separate from the regular meeting, and virtual based on responses from members who responded to my email query.

MEMBER MONTHLY IMAGE SUBMISSION

Members and first-time guests are encouraged to submit images for a gentle critique. We are not a competitive club, but we do strive to help our members learn and improve their photographic skills. Guidelines are below.

We have both open and theme image categories:
December Critique images due by **Dec 5th**

Send to: uwpcimages@comcast.net

December – due to the number of member programs we won't do a theme in December.

January 2023 stay tuned.

PLEASE READ THE FOLLOWING REQUIREMENTS FOR IMAGE LABELING, ESPECIALLY THE USE OF SPECIAL CHARACTERS (NO @) AND NAMING NEEDS. If I get really busy, I may not be able to accept images that don't follow these "rules."

PLEASE ADHERE TO THE DATE & SIZE REQUESTED -1MB or less

Two categories at each meeting - THEMED AND OPEN

- Maximum of 4 images total and no more than one themed image
- Email files one week before the scheduled meeting to uwpcimages@comcast.net Please use this one!
- Send themed category images in an email titled 'themed images'
- Send open category images in an email titled 'critique images'
- If your image is selected to appear on the club website, the website caption will be derived from the file name. **Be sure that your name and the image title as you would like them to appear on the website are included in the file name.** Use only letters (a-z and A-Z), numerals (0-9), dashes (-), underscores (_), and the single dot before ".jpg" in file names. Avoid using blanks. Use dashes (-) underscores (_) and capitalization to indicate word boundaries (e.g. Bob_Dean-Trees_In_Snow.jpg or BobDean-TreesInSnow.jpg). It is acceptable to include other information that identifies the image in file names, but you risk the possibility that this information will be misinterpreted by the webmaster. Although it's unlikely, the image BobDean_TreesInSnow_27583.jpg might end up on the website with the title "Trees in Snow 27853."

MEMBER MONTHLY IMAGE SUBMISSION CONT'D

OPTIONAL Descriptive information for each *critique image* should be as follows:

Exposure data should, for example, include f/stop, shutter speed, ISO, any exposure compensation, and any filter information. Post processing enhancements should include only those things beyond simply cropping, sharpening, noise reduction, etc. such as HDR, panorama work, color enhancements, exposure changes, etc. If you can put the image data (if you choose to include it) **as text** in the body of the email as opposed to an attached word or excel file, it would be appreciated! Makes life easier if everyone does the same thing.

Sample table for exposure details

IMAGE	IMAGE TITLE	SPECIES	LOCATION	CAMERA	LENS	EXPOSURE DATA	POST PROCESSING ENHANCEMENTS
Critique 1							
Critique 2							
Critique 3							

Please don't use an @ in the exposure information as when I copy it into the slide presentation, the computer sees it as an email address, and I need to retype rather than copy.

Kudos

One of Tom Loucks images ("The Power of Water") from the Top 250 in 2021 Share the View contest is featured in a new video on the [Share the View YouTube channel](#),

Tom also had one or more images of his of polygons of small rocks which adorn alpine ridge crests, and which are moved into place by permafrost at altitudes exceeding 11,000 feet, selected for publication in a new Geology book , Land of Ice, Jaunts into Colorado's Glacial Landscape.

We have a new feature our websites and, in the newsletter: “Location Temptation”

We introduced this feature a couple months ago with hopes that we would get submissions from our members. This is a great opportunity to share your favorite relatively local photo spot. Check out the website for an example:

<https://oururbanwildlife.org/san-luis-valley/>

What we are looking for in a submission is open but should include both photographic and logistical information (lodging, food, road issues, sensitive areas, etc.). If you'd like, we can help edit the article so just send in notes, a list of ideas, or a rough draft.

Relatively local is also a bit open. Denver metro is always good, a spot within a few hours drive is also fine. The goal is to share spots that have nice photo ops that are accessible and economical! We've received a couple but have room for lots more.

Send them to me at uwpc@comcast.net and let me know if you'd like some editing. I'll make sure the information goes to the web guys and the newsletter.

Come on folks – let's get behind this project 😊

PHOTO CONTESTS

Some thoughts on Photo Contests:

Whenever you think about entering a photo contest you should very carefully read the Ts and Cs. I know that the legalese can be daunting but there are a lot of contests out there that are a “rights grab.” Make sure that the ones you enter specifically lay out the image ownership agreement. Whenever you send in images to a contest you are entering into a contract. You really should consider only those contests that have very limited usage of your photos and state in their rules that YOU retain full ownership of the image. When you read the fine print on image usage, watch out for those contests that demand the right to use all your entries for their own purposes, not just the winners.
